PRESIDENT..... JOHN J. WITHROW.
FIRST VICE-PRESIDENT..... W. F. McMASTER.
SECOND VICE-PRESIDENT WM. RENNIE.
MANAGER AND TREASURER JAS. MCGEE.
SOLICITOR..... W. G. McWILLIAMS.
SECRETARY..... H. J. HILL.

BOARD OF DIRECTORS.

JOHN J. WITHROW,	P. G. CLOSE,	ANDREW SMITH,
W. F. McMASTER,	L. R. O'BRIEN,	W. H. HOWLAND,
W. RENNIE,	GEORGE LESLIE, JR.,	W. B. HAMILTON,
JAMES FLEMING,	W. H. DOEL,	D. C. RIDOUT,
JAMES MCGEE,	JOHN HALLAM,	GEO. BOOTH,
SAMUEL WILSON,	W. CHRISTIE,	JOS. DAVIDS.
ROBERT BARBER,	ALEX. MCGREGOR,	

COMMITTEES OF MANAGEMENT.

FOR HORSES—Messrs. A. Smith, V.S., (chairman), W. Christie, Alex. McD. Allan, H. P. Dwight and Ald. S. Wilson.

CATTLE—Messrs. W. Christie, (chairman), A. Smith, T. Ballantyne, Wm. Rennie, Ald. J. Crocker and David James.

SHEEP AND PIGS—Messrs. Ald. J. Crocker, (chairman), Ald. J. Hallam, T. Ballantyne, Ald. T. Allen and K. Graham.

POULTRY—Messrs. W. H. Doel, (chairman), A. McGregor, J. P. Edwards W. H. Howland and Ald. T. Allen.

AGRICULTURAL IMPLEMENTS AND TOOLS—Messrs. W. Rennie (chairman), Jos. Fleury, Geo. Leslie, Jr., J. R. Silliman and Ald. J. Fleming.

AGRICULTURAL PRODUCTS—Messrs. Ald. James Fleming (chairman), Geo. Leslie, Jr., J. D. Laidlaw, W. Rennie, W. H. Doel, and W. Jackes.

DAIRY PRODUCTS—Messrs. T. Davison (chairman), T. Ballantyne, K. Graham, Ald. J. Baxter and P. G. Close.

COMMITTEES OF MANAGEMENT—*Continued.*

HORTICULTURAL PRODUCTS—Messrs. George Leslie, Jr., (chairman), Rev. Dr. Burnet, J. Fleming, Jno. Paxton, and Alex. McD. Allan.

FINE ARTS DEPARTMENT—Mr. W. H. Howland (chairman), Hon. G. W. Allan, Hon. Wm. Cayley, Messrs. Q. St. George, L. R. O'Brien, M. Staunton, S. R. Hart, M. Matthews and Jas. Smith.

INDUSTRIAL DEPARTMENT—Ald. J. Baxter (chairman), Ald. N. C. Love, Ald. H. E. Clarke, Messrs. P. G. Close, J. D. King, C. Rogers, J. P. Edwards, and Geo. Hodgetts.

MANUFACTURES—Messrs. W. F. McMaster (chairman), R. Barber, G. Booth, J. Harte, W. B. Hamilton and Ald. Wilson.

MACHINERY AND TOOLS—Messrs. D. C. Ridout (chairman), Jno. Ritchie, Sr., Jno. Harte, J. R. Silliman and C. Rogers.

CHEMICAL MANUFACTURES AND PHARMACEUTICAL PREPARATIONS—Messrs. E. B. Shuttleworth (chairman), N. C. Love, Geo. Hodgetts, Jos. Davids, and Isaac Waterman.

NATURAL HISTORY—Messrs. A. K. McIntosh (chairman), Ald. Jos. Davids, E. B. Shuttleworth, K. Tully, G. E. Shaw and Jno. Paxton.

GRIEVANCES—Messrs. H. E. Clarke (chairman), N. C. Love, A. McGregor, Jno. Hallam and C. Rogers.

JUDGES—Messrs. W. F. McMaster (chairman), A. Smith, W. H. Howland, W. Rennie, W. Christie, J. Baxter, D. C. Ridout, J. Fleming, J. Crocker, Geo. Leslie, Jr., W. H. Doel, Thos. Davison, E. B. Shuttleworth, A. K. McIntosh, and H. E. Clarke.

RECEPTION AND TRANSPORTATION—Messrs. J. J. Withrow (chairman), the Mayor of Toronto, A. R. Boswell, W. F. McMaster, S. B. Harman, W. H. Howland, P. G. Close, H. E. Clarke, A. Smith, W. B. Hamilton, H. P. Dwight, A. K. McIntosh, Rev. D. Burnet, I. Waterman, T. Ballantyne, and H. Pellatt.

N. B.—The President and Manager are, *ex-officio*, members of all Committees.

FIRST ANNUAL EXHIBITION
OF THE
Industrial Exhibition Association of Toronto.

*Opening on Monday, September the 1st, and closing on Friday,
September the 19th, 1879.*

TO THE PUBLIC.

The City of Toronto having, at a very large outlay, secured new exhibition grounds and buildings, second to none in the Dominion, it has been considered desirable that an annual exhibition, for the promotion of Agriculture, Horticulture, Arts and Industries generally, should be established and held therein, on a somewhat larger scale than has heretofore been attempted.

With this object in view an Association has been formed and incorporated as follows: The Mayor of Toronto for the time being: the Chairman of the Executive Committee of the City Council; the Exhibition Committee of the City Council (9 members), and the City Treasurer; the Directors of the Electoral District Society of Toronto (12 members); the York County Council, 2 do. and the Warden; Ontario Society of Artists, 2 representatives; Toronto Mechanics' Institute, 2 do.; Toronto Horticultural Society, 2 do.; Manufacturers' Association, 5 do.; Board of Trade of Toronto, 2 do.; Stock Breeders' Association, 2 do.; Dairymen's Association, Western Ontario, 1 do.; Dairymen's Association, Eastern Ontario, 1 do.; Fruit Growers' Association, 2 do.; Canadian Institute, 2 do.; Lumbermen's Association, 2 do.; the Ontario College of Pharmacy, 2 do.; the Educational Department of Ontario, 2 do.; Millers' Association, 1 do.; Corn Exchange, 1 do.; and the Oil Interests, 1 do.

The high standard to which the exhibitions which have heretofore been held have attained, their advantage to exhibitors, their beneficial influence upon the city and country, and their unquestioned value to the

people as opportunities for the acquisition of practical information, have rendered them well-nigh indispensable to the progress and prosperity of the Dominion. They stimulate enquiry, incite investigation, promote business enterprise, and benefit every material interest of the public generally. Such is the object sought in the formation of this Association and the holding of its first exhibition in September next.

It is believed and expected that agriculturalists, manufacturers, artisans, artists, and all others engaged in industrial pursuits, especially in the Province of Ontario, will serve their own best interests and further the objects of the Association, by making a rather more than usual effort to render this exhibition worthy of themselves, the City of Toronto and this important section of the Dominion.

It has been considered that the limit of a week, even with ample accommodation, is much too short for the collection, arrangement and proper display of the large amount of material which will doubtless be brought to the present exhibition, and to secure anything like a fair representation of the agricultural and manufacturing interests of the country. A number of the largest manufacturers have hitherto refrained from exhibiting their productions at exhibitions on account of the time for holding them being much too short. It has therefore been decided to continue the present exhibition over a period of three weeks, except in the case of dairy products, flowers, fruit and vegetables, the display of which will be confined to the third week, and the exhibition of live stock, poultry and dogs which will take place during the third or last week.

The amount of prizes offered exceeds that ever offered before in the Dominion, at any exhibition of a similar character, and the Board of Directors therefore ask a liberal patronage from the public at large. The Board is in perfect accord with all railway, steamboat and other lines of transportation running to the city, and they feel warranted in saying that excursion schemes over all the routes will be of the most liberal and comprehensive character during the continuance of the exhibition.

While, as will be inferred from the extensive prize list appended, it is intended to make this, the first exhibition of the Association, as broad and comprehensive as it is practicable to render it, there are a few special features which it is intended to make particularly prominent, among which may be mentioned "Processes of Manufacture," "Machinery and Implements in Operation," "Products of the "North-west," and "Mineral Products of the Dominion, etc." Every manufacturer, whatever his specialty, will find it largely to his interest, when at all feasible, to make an exhibition of a part or the whole of the process

employed by him in the ordinary manufacture of his products. In no other manner can he more certainly arrest the attention of visitors, contribute to the general interest and information of the public, and reap his full share of benefit from the occasion. All exhibitors of machinery and implements which can be operated in the Machinery Hall and Implement building by steam power, are also urged to place them in motion, and, if possible to arrange for their operation at regular work.

The Art Department will be under the management and control of a committee of prominent gentlemen who take a special interest in the culture of Art, and there is every reason to expect that the display in this respect will be of a much higher standard than at past exhibitions.

In conclusion the Board of Directors pledge themselves to use their best exertions, and the resources of the Association to accomplish the desired results, and to make this exhibition the most extensive, instructive and interesting that has ever taken place in Canada.

Copies of the prize list, forms of entry, and any other information desired will be promptly furnished on application, by post or otherwise, to the Secretary, at Toronto.

JNO. J. WITHROW,	JAS. MCGEE,	H. J. HILL,
<i>President,</i>	<i>Manager & Treasurer</i>	<i>Secretary.</i>

TORONTO, June 25th, 1879.

PROGRAMME.

The Exhibition will open at 9 a.m. on Monday the 1st of September, and continue open until two o'clock, p.m., on Friday the 19th of September, closing daily at 6 p.m.

His Excellency the Governor-General will formally open the Exhibition on Wednesday, the 3rd of September, at two o'clock in the afternoon, when an address will be presented to His Excellency by the Association. Her Royal Highness the Princess Louise will also honor the Exhibition with her presence.

The Industrial portion of the Exhibition, including Manufactures, Arts, Implements and Machinery, &c., by no means the least interesting branch, will be on view from the opening to the close. The show of Agricultural and Dairy products, Flowers, Fruits, Vegetables, &c., will

take place during the second and third weeks, and that of Horses, Cattle, Sheep, Pigs, Poultry, Dogs, &c., the third or last week, when every branch of the Exhibition will be in full operation.

During the last week of the Exhibition a sale of Horses, Cattle, and other live stock, will take place on the grounds, full particulars of which will be given hereafter.

It is also the intention of the Board of Directors to provide several prominent attractions outside of the regular Exhibition, during its continuance, including a grand Band competition, dog show, "glass hen" for hatching eggs by steam, and others of which notice will be given subsequently.

GENERAL RULES AND REGULATIONS.

Intending exhibitors and visitors are particularly requested to read carefully and consider the following rules and regulations governing the Exhibition, which will be, in all cases, strictly enforced.

ADMISSION TO THE GROUNDS.

The price of admission will be 25 cents each time of entering. The admission will be by means of registering turnstiles, and **each person must be provided with the proper change before entering.**

Necessary attendants upon stock and machinery will be furnished with special passes on applying at the Secretary's office on the grounds. These passes will bear the name of the person to whom it is issued, and if presented by any other person will be forfeited.

One Exhibitor's ticket, admitting an exhibitor only *once* each day, and *positively not transferable*, may be purchased by any individual exhibiting, and if a firm by any one member thereof, at the office of the Association on the grounds at the following rates, viz, for one week, \$1; two weeks, \$1.50; and for the whole exhibition, \$2.00.

Judges, special delegates from other Associations, and members of the press will be furnished with badges. No other tickets whatever will be issued.

The entry tickets upon animals or articles will admit the person bringing them to the Show Grounds for exhibition, along with such ani

mals or articles, without the use of any other ticket. Afterwards, such parties must be provided with proper passes, as above.

ENTRIES.

All entries must be made on printed forms, which may be obtained from the Secretaries of Agricultural and Horticultural Societies, and Mechanics' Institutes, and at the various railway stations and principal post offices throughout the Province, free of charge. These forms are to be filled up and signed by the exhibitor, and sent to the Secretary of the Association at Toronto, on or before the following dates :—

Horses, Cattle, Sheep, Pigs, Poultry, Dogs, Agricultural Implements, Machinery and Tools,—Saturday, Aug. 2nd.

Agricultural and Dairy Products, and all Manufactures,—Saturday, Aug. 9th.

Horticultural Products, Fine Arts, and Ladies' Work,—Saturday, August 16th.

The entrance fee must in all cases be forwarded with the entry. No entry will be accepted unless this is done.

In order to prevent unnecessary labor and loss of time, exhibitors are particularly requested to **enter only such articles** as they intend to exhibit.

Exhibitors will please take notice that it is absolutely required that the entries be made at the dates above mentioned, in order to afford sufficient time to examine the entry papers, and to correspond with parties, when necessary, for the correction of errors and omissions ; and no exception will be made to this rule on any consideration whatever.

In the Live Stock Classes, the entry must in every instance be made in the name of the *bona fide* owner, and unless this rule be observed no premium will be awarded, or if awarded, will be withheld. If any person shall exhibit any animal of which he is not the *bona fide* owner, he shall forfeit any premium which may be awarded him, and be precluded from exhibiting in future.

In all the other classes entries must be made in the names of the producers or manufacturers only, and by such producers themselves in person, or their agents duly authorized. If any person, other than the authorized agent, shall enter an article for exhibition, as produced or manufactured by himself, when it has not really been so, he shall forfeit

any premium which may be awarded the article, and be precluded from exhibiting in future.

No person shall be allowed to enter for exhibition more than one specimen in any one section of a class, unless the additional article be of a distinct named variety or pattern from the first. This rule not to apply to animals, but to apply to all kinds of grain, vegetable products, fruit, manufactured articles, &c., in which each additional specimen would necessarily be precisely similar to the first.

Extra Entries.—Every article must be entered under some one of the headings in the regular list, when possible ; but if any article is of a distinct character from anything specified in the list, it may then be entered in the extra section of that class with which it most nearly corresponds. No article, however, will be allowed to be entered as an extra for want of sufficient quantity or number, or any other similar defect, when of the same kind or variety as anything named in the list ; in such a case the article cannot be exhibited.

On the entry of each animal or article, a card will be furnished the exhibitor, specifying the class, the section, the number of the entry, and the name of the exhibitor, **which card must remain attached to the animal or article during the Exhibition.**

In all cases the right is reserved to reject entirely or accept conditionally any entry or application ; and under no circumstances will articles which are offensive by reason of their odor or appearance, or which are dangerous by reason of their combustible or explosive character, be admitted ; and if any such be introduced by an exhibitor through misapprehension or otherwise, they may be removed by order of the Board of Directors.

ENTRANCE FEES.

The charge for exhibiting at this Exhibition will be by fees and charges for space, which have been placed at the lowest possible figure (almost nominal), as follows :—

Horses—entrance free · \$1 per head for stabling.

Cattle—entrance free : 50 cents per head for stalls.

Sheep—entrance free : 25 cents per head for pens.

Pigs—entrance free : 25 cents per head for pens.

Poultry—25 cents each entry.

Agricultural Implements, Machinery and Stoves—Where exhibitors do not pay for space, 25 cents each entry.

Implement Building—\$1 per foot for frontage occupied.

Machinery Hall—75 cents and \$1 per foot frontage, according to location.

Stove Building—\$1 per foot frontage.

Agricultural and Horticultural Products—Ten entries and under, 50 cents ; over ten entries, \$1.

Fine Art Department—25 cents each entry.

Ladies' Work—Five entries and under, 25 cents ; over five entries, 50 cents.

In all other departments or classes, than those above named, the fee will be 25 cents for each entry.

Fees and charges for space must in all cases accompany the entry.

APPLICATIONS FOR SPACE.

Exhibitors requiring space in the Implement and Stove Buildings, or in the Machinery Hall, must make application for the same at the time of making their entries. Forms for application can be procured from the Secretary.

Applications for space elsewhere will also be received and considered by the Board of Directors, up to Saturday, Aug. 9th, from persons who may be desirous of making special exhibits, either in competition for prizes or for exhibition only.

PREPARATORY WORK.

On and after Monday the 18th of August, exhibitors, their agents, and workmen, will be admitted to the grounds and buildings for the purpose of making preparatory structures, or getting machinery and implements into position.

DELIVERY OF ARTICLES, AND CHARGE OF SAME WHILE ON EXHIBITION.

Horses, Cattle, Sheep, Pigs, Poultry, Dogs, &c., may be delivered on the grounds on Saturday, the 13th of September, but in no case will they be received later than noon on Monday, the 15th of September.

Agricultural, Horticultural and Dairy Products, must be delivered on the ground and arranged for exhibition by noon on Monday, the 8th of September.

All specimens for exhibition in the Fine Arts Department, must be delivered at the Art Gallery not later than Wednesday, the 27th of August, in order that they may be properly classified and hung previous to the day of opening.

All other articles, Implements, Machinery, Stoves, Manufactures, Ladies' Work, &c., &c., must be delivered on the grounds by Saturday, the 30th of August.

Articles or animals arriving after the above dates will not be allowed to compete. Exhibitors of machinery and other heavy articles are expected to have them on the grounds and placed in position the week preceding the opening of the Exhibition.

All boxes, wrappings, and other packing material, must be cleared away, and everything be in proper order before the formal opening on Wednesday, the 3rd of September.

Exhibitors must provide for the delivery of their articles upon the Exhibition Ground. The Association cannot, in any case, make provision for their transportation, or be subjected to any expense therefor, either in their delivery at, or return from, the grounds. All the expenses connected therewith must be provided for by the exhibitors themselves.

Articles not accompanied by their owners may be addressed to the care of the Manager, or Superintendent of the Department for which they are intended, who will receive them on their being delivered at the Grounds ; but in no case will such articles be brought on the Grounds and placed on exhibition except by and at the expense of the owners or their authorized agents.

Exhibitors on arriving with their articles, will apply at the office of the Association, when they will be informed where the articles are to be placed.

Exhibitors will, at all times, give the necessary personal attention to whatever they may have on exhibition, and at the close take entire charge of the same.

Articles placed on exhibition must not be removed until the close, except by permission of the Board of Directors ; and except, also, in the dairy, fruit, vegetable, and floral sections, where such removal is necessary to a continuous display. Every facility will be afforded for the transaction of business by taking orders, but no delivery of articles sold can be made on the premises during the exhibition, except by special arrangement as above.

Though the Association will take reasonable precaution to ensure the safety of articles sent to the Exhibition, yet they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting

them ; and that should any article be accidentally injured, lost, or stolen, the Association will give all the assistance in their power towards the recovery of the same, but **will not make any payment** for the value thereof.

At the close of the Exhibition exhibitors must take charge of their exhibits and remove the same as early as possible.

LIVE STOCK.

Good buildings are provided upon the grounds for all Live Stock. Straw for bedding, and water, will be furnished for horses, cattle, sheep, and pigs without charge from Saturday, the 13th of September, until the close of the Exhibition, so that the stock may be taken to the grounds immediately on their arrival. Hay and grain for horses, cattle, sheep, and pigs, will be for sale upon the grounds at reasonable prices. Exhibitors will please report at once if unreasonable prices are exacted.

HORSES.

In making entries, the breed, breeders' name, if known ; the owners name and address in full ; the name of animal, if named ; and the color, age and sex must be stated.

Of horses, over four years old, give the height and weight, and state whether the weight is estimated or by the scales ; the measured height must be given, and will be taken as the height in shoes, unless otherwise stated.

In the class for Blood Horses full pedigree, properly certified, must accompany the entry. No animals will be allowed to compete as pure bred unless they possess regular stud pedigrees, or satisfactory evidence be produced that they are directly descended from such stock.

No horse will be allowed to compete in more than one class or section, except when competing for the diploma for the best horse of any age in his class ; for the special premiums in class seven, for the sweepstakes, or in sections thirteen, fourteen and fifteen, of class three, horses entered in which may also compete in section sixteen of that class.

No horse will be allowed a premium unless sound, except in the case of stallions and brood mares injured by accidents which do not lessen their usefulness.

Horses must be shown uncovered, and in such manner as the Judges may require or allow ; and if exhibitors refuse to submit to the proper requirements of the Judges, their animals will be ruled out, but exhibitors will have the privilege of showing their horses in harness, to bridle, or under saddle, as they may prefer.

As horses possessing no merit whatever, and not worthy of exhibition have in some cases heretofore been entered merely in order to secure stabling, the Committee in charge of this department is empowered, when any cases of this kind are reported to them, at once to order the animals so entered off the grounds, and the entry money paid for such animals shall be forfeited.

CATTLE.

In making entries, the breed ; breeder's name, if known ; the owner's name and address in full ; and the name, color, age and sex of animal must be stated.

In the Durham class a certificate of Herd Book Pedigree, or a sufficient reference to the Herd Book in which they are registered, must accompany the application to enter them for exhibition. The pedigree of others must be as full and correct as possible.

In the case of grade animals, to be entered as such, so much of pedigree must be given as to show that they are at least half-bred.

Cows must be giving milk at the time of exhibition, or be evidently well gone in calf.

No animal may compete in more than one class or division, except for the Herd prizes. All animals will be shown in the rings, and exhibitors must be ready to bring them out when called for.

SHEEP.

In making entries, the breed, breeder's name, owner's name and address in full, with age and sex of the animals must be given.

Sheep must be closely shorn on or after 25th April, and the date of shearing shall form part of the entry certificate, and the attention of Exhibitors is particularly called to this rule, as it will be strictly adhered to, and Judges are requested not to award any prizes for sheep that have not been shorn in accordance with this rule, and further, that Judges be guided in their awards more by purity of blood than size of sheep and quantity of wool.

Ewes, two shears and over, in all classes except the Fat Sheep must have raised lambs the present season, and the fact of their having done so must be stated in the entry certificate.

Sheep that have been shown in any other class cannot compete as Fat sheep.

PIGS.

The breed, breeder's name, and owners name and address in full, with precise age of animal must be given when making entries.

POULTRY.

In making entries exhibitors must be careful to state in which class they are to be entered, as fowls or chickens. A male and female in every case to constitute a pair.

As the Association wish to promote the Poultry interest by encouraging the careful breeding of choice specimens and the improvement of the common stock of the country, thereby adding to the merchantable value thereof, exhibitors are requested to affix a selling price to all specimens at the time of making their entries. Ten per cent will be deducted from all sales made at the exhibition for the benefit of the Association, and all sales must be made through the Committee on Poultry.

All specimens, except games and game bantams, must be exhibited in their natural condition.

The card of the Association will be placed on each coop, cage or specimen, giving the name of exhibitor, variety of exhibit, and, if for sale, the price. No other card will be allowed upon any coop, cage or specimen until the premiums have been awarded.

Coops will be provided and the Poultry fed and taken care of at the expense of the Association.

AGRICULTURAL IMPLEMENTS.

Agricultural Implements exhibited, must be labelled with the name of the exhibitor, name of the machine, its use, and the retail price; and they are required to be the same in construction and finish as those sold to the farmer, and not specimens got up for exhibition.

A large new building over 400 feet in length, with an aisle down the centre is being erected specially for the exhibition of Reapers and

Mowers in motion, and other Implements. This will meet a want much felt heretofore by manufacturers of Implements. The building is arranged for exhibitors to provide their own power, also such shafting as they may consider necessary for their own use; the shafting to run under the floor. The Association will endeavor to have power and shafting provided for future exhibitions.

AGRICULTURAL PRODUCTS.

All the grain, seeds and other agricultural products in classes forty and forty-one, must be the growth of the year 1879, except clover and grass seeds, which may be the growth of 1878.

The names of the different varieties of wheat or other grain, and seeds, must be inserted by each exhibitor in his list of entries.

The roots must be certified as of field culture by the exhibitor, except potatoes, which are open to all.

DAIRY PRODUCE.

Only one sample of cheese can be entered in section six of class forty-three, from any one factory. Each sample must consist of six cheeses made in the following months, viz: two in June, two in July, and two in August. A written declaration will be required from each competitor that the cheeses shown were made in these months. The latter also applies to creamery butter. Exhibitors in section six of class forty-three, cannot compete in section seven.

Persons taking premiums on dairy products will be required to furnish statements of the mode of manufacture, including the breed and number of cows, size of farm, description of dairy premises, treatment of milk, salt used, quantity of produce, and any other practical information that they may be able to afford, before being paid the amount of premium. The cheese must have been manufactured during the present year.

HORTICULTURAL DEPARTMENT.

The Entries in this Department will be exhibited in the Horticultural Hall, a building erected specially for the purpose.

Professional and amateur exhibitors can exhibit only in their respective classes except for the premiums open to all. Competitors can only make one entry and receive only one premium in each section.

In arranging the fruits on the tables exhibitors will be required to place the varieties, as far as possible, in separate groups. All varieties must be correctly named. When a certain number of varieties is specified, there must be neither more or less. Premiums will be withheld if the samples are not worthy.

All articles must be delivered in time to be placed and arranged before noon on Monday, the 8th of September. All articles once in the Hall are under the control and subject to the order of the Committee or Superintendent in charge of the Department and cannot be removed or withdrawn without permission. All persons may be excluded from the Hall, if the Superintendent of the Department see fit, until after the awards are made.

By a variety of Fruit is meant an established variety, known as such to pomologists. New varieties, with only local names, are classed as seedlings.

Exhibitors are required to furnish the Superintendent of the Department as soon as they arrive, with a list of their entries, so that proper space may be reserved.

Entrances in this Department close on *Saturday, August the 16th*, after which date *no entries will be received*. Entrance fee: For 10 entries and under, 50 cents; over 10 entries, \$1.

Exhibitors are particularly requested, in order to avoid unnecessary labor, to enter only such articles as they intend to exhibit.

FINE ARTS DEPARTMENT.

All entries in this Department will be received subject to approval by a Committee of Selection.

The Committee reserve the right to reject any work which does not come up to the required standard of excellence, and the entrance fee, in case of rejection of the whole exhibit, will be returned. Works not accepted will remain at the risk, and subject to the order of the artist.

Every work must be the work of the exhibitor, and bear the artist's signature.

All work exhibited must be original, copies being excluded, except in the case of exhibits illustrating the course of Art Education in public schools, for which a certain space will be reserved.

The works of professional artists and of amateurs will be classed and hung separately. The prizes to amateurs will be entirely honorary.

Amateur Artists are to be understood as those who *do not* paint or teach for a livelihood or for profit, or habitually sell or offer for sale their productions ; and who have not at any time heretofore done so.

Evidence of originality to be furnished by the exhibitor whenever required by the Judges or the Committee.

No exhibitor will be awarded more than one prize in the same section of any class in this Department. Under "Extras," in each of the classes, where more than one entry of the same kind of article has been made, they will be judged as in competition for 1st and 2nd prizes, the same as though they had been in regular sections, and when but one such entry has been made, the article, if worthy, shall be awarded a 1st or 2nd prize. The Judges, however, are instructed not to award prizes in either the regular or extra sections, unless the articles come up to the desirable standard of excellence.

Fee for each entry, 25 cents. Entries to be made not later than Saturday, the 16th of August. All pictures must be delivered at the Art Department not later than Wednesday, the 27th of August.

MACHINERY.

All machinery in motion, except portable, must be exhibited in the Machinery Hall if required, steam power and shafting for which will be furnished.

The main shafting in this Hall, having been readjusted, must not be interfered with or taken apart. Exhibitors must therefore provide themselves with split pulleys.

All exhibits of machinery in this building must be placed in motion, and, if possible, kept in operation at regular work.

MANUFACTURES AND INDUSTRIAL DEPARTMENT.

The prize list in this Department has been framed with a special view to securing a full exhibit in every branch of industry, and while the Exhibition is in most classes open to the world, a large number of the premiums are open to Canadian manufacturers only.

Manufacturers are requested to furnish with the articles exhibited, a statement of the quantity they can produce, or supply, and the price, for the information of the Judges, whose decision will be based on the combination of quality, style, and price, and the adaptation of the article to the purpose or purposes for which it is intended.

Manufactured articles, which have been awarded prizes at any Provincial Exhibition shall not be entered in competition for the prizes named in the prize list for this year, but shall be awarded diplomas, if, in the opinion of the Judges, such articles are superior to any others exhibited, and are deemed worthy of the same. The display in this Department will, beyond doubt, be the largest, best and most interesting that has ever been made in Canada.

LADIES' WORK.

All articles competing in classes seventy and seventy-one must be the work of the exhibitor, strictly the production of ladies, and entered in the name of such.

MEDALS.

Medals will be awarded in lieu of money prizes when desired by exhibitors, subject to approval by the Board of Directors.

RAILWAYS, STEAMBOATS, AND CUSTOMS.

Favorable arrangements have been made with all the Railroad and Steamboat Companies for the conveyance of passengers and articles to and from the Exhibition at greatly reduced rates.

Arrangements have also been made with the Customs Department for the admission of cattle and articles from foreign countries for exhibition free of duty on giving the customary bond.

All Stock, Implements, Machinery, &c., can be unloaded from the cars of nearly all the lines entering the city directly upon the grounds, the expense of transhipment being thus avoided.

All articles sent by Express will be delivered on the grounds without extra charge.

PAYMENT OF PRIZES.

The Treasurer will be prepared to commence paying the premiums at his office on the grounds for all classes except Live Stock, at 9 a. m., on Monday, the 15th of September, and for Live Stock on Friday, the 19th of September, at 9 a. m.

Parties who shall have prizes awarded them are particularly requested to apply for them before leaving Toronto, or leave a written order with some person to receive them, stating the articles for which prizes are claimed.

Persons entitled to cash premiums must apply for them at the Secretary's office, who will give *Orders on the Treasurer* for the amount. These orders must be endorsed, as they will be payable to *order* not to *bearer*, and on presentation to the Treasurer, properly endorsed, will be paid either in cash, or by cheque on the bank.

Orders for premiums not applied for as above, will be given by the Secretary, and the amount forwarded by the Treasurer, on receipt of proper instructions.

All persons to whom a prize is awarded must apply to the Secretary of the Association for payment thereof on or before the 30th day of November of the year in which such prize is awarded, or such prize will be forfeited.

JUDGES.

The Judges will be appointed by the Board of Directors previous to the Exhibition, and will receive a circular informing them of the fact, and inviting them to act.

In case any person accepted as Judge, and finds he cannot fulfil the duties, he will please notify the Secretary immediately of such inability, that all vacancies may be promptly filled.

No person will be allowed to act as Judge who is in any way interested in the articles to be examined.

Judges in all the classes, except for Live Stock, Poultry, Agricultural and Dairy Products, Fruit, Flowers, and Vegetables, are requested to report themselves at the Secretary's office on the grounds, presenting their circular of appointment, at 9 o'clock, a. m., on Tuesday, September 2nd, when they will be furnished with badges and their class books. They will also be furnished with blank prize tickets, which they must fill up and affix in each section as soon as they shall have finally determined their awards.

Judges on Agricultural and Dairy Products, Fruit, Flowers, and Vegetables, are requested to report themselves at the Secretary's office on the grounds, presenting their circular of appointment, at 9 o'clock, a. m., on Tuesday, September 9th; and on Live Stock, Poultry, Dogs, &c., at 9 a. m., on Tuesday, September 16th.

Judges are requested to inform the Chairman of the Committee in charge of the department in which they are to act, of their presence, and will apply to him in all cases of doubt or difficulty; and the said Chairman will appoint the time for judging.

It is desired that all the Judges of each class go together to hand in their report, instead of sending it by one of their number, in order that cases of error or doubt may be more promptly and easily made right.

Judges will please sign and hand in their lists of awards to the Secretary as soon as possible, and make their more extended reports afterwards. They are requested to report fully upon all objects of interest and value, and to make such recommendations as circumstances or their experience may suggest.

In the absence of competition in any section, or if the stock or articles exhibited be of inferior quality, the Judges will award only such premiums as they think the articles deserving of. They will exercise their discretion as to whether they will award the first, second, third, or any premium.

In addition to the stated premiums offered for articles enumerated in the list, the Judges are authorised to award discretionary premiums for such articles, not enumerated, as they may consider worthy, and the Board of Directors will determine the amount of premium. The Judges may also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by ticket with the words "Highly Commended," or "Commended," upon them. These tickets will not entitle the holder to any money payment.

Under "Extras" in each of the classes, when more than one entry of the same kind of article has been made, they will be judged as in competition for first and second prizes, the same as though they had been in regular sections, and when but one such entry has been made, the article, if worthy, shall be awarded a first or second prize. The Judges, however, are instructed **not to award prizes** in either the "regular" or "extra" sections of any class, unless the articles come up to the desired "standard of excellence." No award of prize for Extras will be paid until sanctioned by the Board of Directors of the Association.

Each award must be written in a plain, careful manner, on the blank page opposite the number of the entry.

In the Fine Arts and Mechanical Departments, Diplomas may be awarded, in addition to the money prizes, to any specimen evincing great skill in its production, or deemed otherwise worthy of such a distinction, on its being recommended by the Judges, and approved of by the Committee, to whom all such matters shall be referred.

Exhibitors can ascertain from the Superintendents of the several departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the

Judges have overlooked animals or articles, will be considered by the Directors.

All protests must be *in writing*, must state plainly the cause of complaint or appeal, and must be delivered to the President or Secretary, within six hours after the cause of protest.

The Judges are expected in the execution of their duties to be careful to act with the most rigid impartiality ; and make their entries in a clear and conspicuous manner, in all cases of doubt or difficulty referring freely to the Secretary, or to the Committee of the Association in charge of the department.

Any person who shall attempt to interfere with the Judges while in the discharge of their duties, or who shall afterwards, on the premises of the Association, use any contemptuous or abusive language to any judge in consequence of any award made by him shall forfeit his right to any premiums to which he might otherwise be entitled, and shall be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.

Upon the discovery of any fraud, deception, or dishonest practice, either in the preparation, ownership, or of any representation concerning any article exhibited, which may have affected, or may have been intended to affect, the decision of the Judges, the Board of Directors have power to withhold the payment of any prize awarded, and may prohibit any such party or parties from exhibiting in any class for one or more years, and may also publish the names of such persons or not as may be deemed most expedient.

MISCELLANEOUS.

Exhibitors must make themselves acquainted with the premium list regulations and requirements, and be sure in what classes and divisions their entries properly belong.

If any persons, through ignorance of the regulations, shall bring things to the exhibition without having entered them at the proper time, the

same may, in the discretion of the Superintendent in charge of the several departments, be allowed to be brought upon the grounds, and so placed that they may be examined by the public, but shall not be classified nor shall any official examination of them be made or premiums awarded.

Where space has been awarded to any exhibitor the Board of Directors reserve the right, in case any such exhibitor shall fail to make or maintain a creditable display, to declare the space allotted to him forfeited.

The Board of Directors reserve the right to prescribe the dimensions of all signs, and generally to direct the arrangement of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance.

All prize cards which have been affixed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur the forfeiture of any premium awarded.

The contractor for the supply of refreshments at the Restaurant and all persons keeping refreshment stands must lay in their supplies before 8 o'clock a. m.

The Board of Directors on being made aware of any fraud having been committed by any exhibitor, in the entry of any stock or goods in competition for prizes at any exhibition, have the power of withholding the payment of any prizes that may have been awarded by the Judges to such exhibitors, on such fraudulent or any other entries made at any such exhibition.

If any person wilfully injures or destroys any property within the Exhibition grounds of the Association, or hinders or obstructs the officers or servants of the said Association, or any policeman or constable duly appointed in the execution of his duty, or gains admission to the said grounds contrary to the rules of the Association, he shall be liable to a fine of not less than one or more than twenty dollars; said fine to be enforced and collected as fines are usually collected, and to be paid over to the Association for its use and benefit; and in default of payment the said offender shall be imprisoned in the common gaol for a period of not more than thirty days.

The officers of the Association have the power by their Act of Incorporation to enforce these Rules and to prohibit and prevent all kinds of

gambling, theatrical, circus, or mountebank performances, exhibitions or shows, and also to regulate or prevent the huckstering or trafficking in fruits, goods, wares or merchandise on the Exhibition grounds, or within three hundred yards thereof; and any person who, after due notice of such rules violates the same, shall be liable to be removed by the officers, policemen, or constables of said Association, and be subject to the penalty prescribed by the next preceding section.

FIRE AND POLICE PROTECTION.

The most careful and thorough arrangements possible have been made to guard against fire; and with the precautions taken it is believed the danger of such an occurrence is very remote, but exhibitors desiring insurance must give the matter their personal attention.

An ample police force, detailed for the purpose by the city, will be on duty night and day during the continuance of the Exhibition. A full corps of watchmen will also be present at all times; but exhibitors are expected to exercise constant supervision over their articles on exhibition, as the Association will not be responsible for loss or damage by theft, fire, or otherwise. Small and valuable articles should be exhibited in show-cases, which may be securely locked when desirable.

INQUIRIES.

As to the Exhibition and its arrangements before the opening should be addressed to the Secretary, at Toronto. During the Exhibition, inquiries may be made at the Business Office, and every officer of the Association will, when applied to, either furnish the information sought or refer the question to the proper office. The officers may be known by their badges.

THE PRESS.

Ample accommodation will be provided for members of the Press, and all necessary information will be promptly furnished them.

TELEGRAPH AND POST OFFICES

The Montreal and Dominion Telegraph Companies have offices on the grounds; and a Post office will also be provided for the delivery and despatch of letters.

VISITORS.

Visitors may be assured of finding on the grounds everything necessary to the convenience and comfort of young or old, during the entire day. An ample restaurant and lunch rooms, managed by experienced caterers, and under the supervision of the Board of Directors, as to price and quality of food, will serve meals and refreshments during hours of exhibition at reasonable rates. Baggage rooms for the deposit of satchels, cloaks, &c., and in charge of responsible parties, are conveniently located for the accommodation of visitors. The hotels of the city, ample for any occasion, will adhere to their regular rates; and the city authorities will co-operate with the officers of the Association in every practicable manner, to ensure the safety and contribute to the pleasure of visitors.

HOW TO REACH THE GROUNDS.

The grounds, some sixty acres in extent, are most beautifully located on the shore of Lake Ontario, on the western outskirts of the city, and

from them a splendid view of Toronto, the Queen City of the West, with the surrounding country can be obtained. They are easy of access and can be reached in a few minutes by either of the lines of Street Railway cars, by the Great Western Railway cars, running every few minutes, or by a line of Steamers on the Bay, which land visitors directly upon the grounds.

**READ THE ABOVE RULES CAREFULLY AND SEND IN YOUR
ENTRIES AS EARLY AS POSSIBLE, AND BE SURE
THAT ALL FEES ACCOMPANY THE SAME.**
